LEXUS 2018

More dynamic style.

More precision-engineered performance.

And more driver-inspired technology.

Because going far beyond utility
means nothing if it doesn't lead
to the experience of something greater.

Introducing the 2018 Lexus NX.

Experience Amazing

NX 300

Razor-sharp styling conceals a 2.0-liter turbocharged in-line four-cylinder engine delivering 235 horsepower.¹ Available new 10.3-inch multimedia display and onboard Wi-Fi.TM Available AWD.

NX 300 F SPORT

The NX 300 can be further enhanced with more aggressive styling and performance upgrades, including a more dynamic F SPORT-tuned suspension.

NX 300h AWD

With all-weather performance, the NXh is driven by a 2.5-liter in-line four-cylinder engine with Lexus Hybrid Drive, generating 194 horsepower and an estimated 31-MPG combined.² New onboard Wi-Fi available.

NX F SPORT shown in Ultra White // Options shown

NX FSPORT shown in Ultra White // Options shown

NX F SPORT shown in Ultra White // Options shown

NX F SPORT shown with Black NuLuxe and Metallic Sport interior trim // Options shown

NX shown in Atomic Silver // Options shown

Inspired by the facets of a cut gemstone, new LED taillamps are just one of many eye-opening details that set the NX apart. Available triple-projector-beam headlamps and dramatically restyled front and rear fascias further punctuate its low, wide stance. From the sharp contours of its exterior styling to the available expansive moonroof, every aspect pushes the conventional to the leading edge.

CUTTING-EDGE DESIGN

—
New, multifaceted LED illumination puts scintillating design in razor-sharp focus.

NX F SPORT shown in Ultra White // Options shown

STRETCHING THE LIMITS OF VERSATILITY

Lexus-first innovations and class-leading features elevate comfort and convenience to new heights.

Versatility goes beyond boundaries with Lexus' first kick-sensor-activated power rear door.³ Just wave your foot beneath the concealed sensor, and the available Touch-Free Power Rear Door³ raises or lowers. Inside, available heated and ventilated front seats provide customized comfort, while first-in-class power-folding and -reclining rear seats^{4,5} take amenities to a whole new level.

60/40

split power fold-flat rear seats

From faster-charging USB ports to the first-ever available Lexus Wi-Fi, the NX offers innovation at every turn. There's a larger, more intuitive Remote Touchpad.⁶ And a more expansive available 10.3-inch split-screen multimedia display provides simultaneous access to audio and climate controls and various systems, including the available next-generation voice-activated Navigation System.⁷ On the NX F SPORT, G-force and turbo-boost displays ensure performance information is front and center.

THE MOST ADVANCED NX EVER

—
Experience an array of innovations—including Lexus' first available Wi-Fi.

Options shown

PEACE OF MIND, STANDARD

Introducing Lexus Safety System+, an integrated suite of class-leading standard active safety equipment.^{8,9}

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

This system¹⁰ is engineered to detect obstacles in the path of your Lexus under certain conditions. Should it detect a pedestrian¹¹ or determine a frontal collision is imminent, it's designed to automatically prepare Brake Assist¹² for increased brake force, and in some cases can even automatically brake the vehicle to a stop.

LANE DEPARTURE ALERT WITH LANE KEEP ASSIST

This system¹³ utilizes a camera to monitor visible lane markings. If an inadvertent or potential lane departure is detected, it's designed to warn you and can take corrective measures. In certain conditions, the system can even help you remain in the center of the visibly marked lane, helping to prevent drifting before it occurs.

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL

This system¹⁴ uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system can detect if you get closer than the preset distance and automatically slow your vehicle—even to a complete stop. If driving at highway speeds and the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH-BEAM HEADLAMPS

To help provide greater visibility for you as well as other drivers, intelligent high-beam headlamps¹⁵ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it senses the headlamps or taillamps of vehicles ahead.

NX shown in Silver Lining Metallic // Options shown

LEXUS SAFETY SYSTEM +

TECHNOLOGY AT THE LEADING EDGE

Driver-centric innovation takes another leap forward.

PANORAMIC VIEW MONITOR

Offering a new level of clarity, this available advanced system¹⁶ uses four high-resolution cameras mounted on the front, sides and rear of the vehicle to give you a bird's-eye view of the nearby environment. Moving View and See-Through View options create a composite image of your surroundings as on-screen guides assist with parking and tight maneuvering.

BLIND SPOT MONITOR WITH REAR CROSS-TRAFFIC ALERT

The available Blind Spot Monitor¹⁷ is designed to detect and warn you of vehicles approaching or positioned in the adjacent lanes. For added peace of mind, its Rear Cross-Traffic Alert¹⁸ system can help when backing out of a parking space, notifying you of vehicles approaching from either side. If it senses a potential collision, the system can automatically brake your vehicle to a stop, under certain circumstances.

NAVIGATION SYSTEMS

The new, available 10.3-inch high-resolution split-screen multimedia display provides immediate, simultaneous access to audio and climate controls and various systems, including new Lexus Enform Dynamic Navigation.^{7,19} On vehicles with the standard multimedia display, next-generation Scout[®] GPS Link^{19,20} introduces 3D functionality and interactive moving maps. With subscription-free traffic and weather updates,²¹ getting to your destination is easier than ever.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other Lexus features, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.²⁴ Learn more about these complimentary services at lexus.com/specialists.

NEXT-GENERATION REMOTE TOUCHPAD

More than a convenient way to access multimedia, climate controls and Navigation,⁷ the next-generation Remote Touchpad⁶ mimics smartphone operations with ample touch surface area, pulsation feedback, intuitive pinch, swipe and flick gestures—even integrating handwritten input. New functionality also allows drivers to quickly access sub-menus when on screens with multiple options.

VOICE RECOGNITION

Advanced voice command enables you to operate climate, audio and navigation functions using normal, everyday speech. If you say “It’s too hot in here,” for example, the climate control will automatically lower the temperature by four degrees. With Enhanced Bluetooth^{®22} technology, compatible Bluetooth mobile-phone address-book contacts can be accessed on the Navigation System⁷ display or via voice command.

INTUITIVE PARKING ASSIST

Using sensors in the front and rear bumpers, a new available next-generation Intuitive Parking Assist²³ system cues the driver with audible tones and an indicator on the multimedia display. Notifications indicate a detected object’s location and proximity, which is especially helpful for routine tasks like parallel parking. If contact with an obstacle is imminent, the system can also bring the vehicle to a complete stop, under certain circumstances.

LEXUS ENFORM

From available onboard Wi-Fi to concierge access, this is our most sophisticated connectivity suite yet.

WI-FI

Take entertainment to go. For the first time in a Lexus, you can tap into onboard Wi-Fi. Up to five devices can connect—tablets, laptops, smartphones—dramatically extending tech capability for you and your passengers. Lexus Enform¹⁹ Wi-Fi provides up to 4 GB (complimentary for the first year of ownership).

SAFETY CONNECT

Lexus Enform Safety Connect²⁵ offers you the peace of mind of knowing that Roadside Assistance²⁶ will be there when you want it most. Whether you're involved in a collision and unable to call for help, your vehicle is stolen, or there is any other type of emergency, assistance can be sent directly to your vehicle's GPS location. Safety Connect is complimentary for the first 10 years of ownership.

SERVICE CONNECT

Lexus Enform Service Connect²⁷ offers remote access to information about your vehicle's status and maintenance needs. Easily accessed through LexusDrivers.com or the My Lexus and Beyond mobile app, information is accessible on everything from your vehicle's fuel level and mileage to maintenance alerts and Vehicle Health Reports. Service Connect is complimentary for the first 10 years of ownership.

DYNAMIC NAVIGATION

To help you get even more out of the available Navigation System, new available Lexus Enform Dynamic Navigation^{7,19} offers greater accuracy through continuous cloud-based updates. In addition to up-to-date maps, it can dynamically offer alternate routes based on conditions ahead, and can automatically sort Points of Interest results based on relevance. Lexus Enform Dynamic Navigation is complimentary for the first three years of ownership.

DESTINATION ASSIST

The available Lexus Enform Destination Assist¹⁹ offers convenient 24-hour access to a live response center agent to help you locate a specific business, address or point of interest. If you're searching for a restaurant, the agent can help you narrow your choices by distance or type of cuisine, and remotely send the destination to your vehicle's Navigation System.⁷ Destination Assist is complimentary for the first year of ownership.

APP SUITE 2.0

The new and improved Lexus Enform App Suite 2.0¹⁹ offers access to your favorite mobile applications through your vehicle's center-console display. After downloading the app on your compatible smartphone, you can search local listings, stream music, listen to live radio nationwide, check fuel prices, and keep tabs on your stocks and sports scores—all from the center-console display. And, with advanced voice recognition, accessing and controlling App Suite 2.0 features is easier than ever.

ENFORM REMOTE

The Lexus Enform Remote²⁸ mobile app can help you remotely start the engine, lock and unlock doors, check the status of doors and windows as well as your fuel level, and can help find your vehicle's location in a parking lot. And, should you loan your Lexus to another driver, you can receive instant alerts if, for example, a preset speed or mile limit is exceeded. Lexus Enform Remote is complimentary for the first year of ownership.

Options shown

EXHILARATION, EVOLVED

Available all-wheel drive and
a new adaptive suspension
unleash thrilling performance.

NX F SPORT shown in Ultra White // Options shown

From the high-revving NX 300 to higher-performance F SPORT models, this is a visceral driving experience, delivered. With a more dynamic suspension, retuned components, and an available adaptive F SPORT suspension inspired by the all-new LC, this is the most responsive NX yet.

Options shown

PROGRESSIVE POWER

NX 300 / NX 300 F SPORT

The surge of the 235-horsepower¹ NX 300 doesn't let up—thanks to the Lexus engineers who spent years researching, developing and refining a turbocharger with advanced twin-scroll technology. The powerplant itself seamlessly moves between conventional and Atkinson cycles, for quick acceleration with greater efficiency. The NX 300 F SPORT takes the experience even further, with a more responsive sport-tuned suspension, paddle shifters and bolstered sport seats.

NX 300h

The NX 300h retains the dynamic driving performance of its turbocharged counterpart, and adds the benefit of a class-leading estimated 31-MPG combined.^{2,29} You'll also appreciate its exclusive damping control system. Utilizing wheel-speed and suspension sensors, Active Damping Control automatically counters the pitching forces caused by uneven roads. As a result, the NX Hybrid is kept more level, enhancing ride comfort and overall handling response.

ALL-WHEEL DRIVE

Go beyond limitations with available all-wheel drive. AWD predicts your path, monitoring the vehicle and your input. On the NX 300 and NX 300 F SPORT, if wheelspin is detected, it can deliver up to 50% of available torque to the rear wheels. On the NX 300h, the electronic AWD system is so innovative, it can even adapt to the angle or condition of the road.

AWD available on NX 300

Full-time all-wheel drive (AWD) with rear electric-drive motor standard on NX 300h

NX F SPORT AWD shown in Atomic Silver // Options shown

F SPORT PERFORMANCE

For those with an even greater passion for performance, the NX F SPORT offers head-turning styling and new technology that put the F SPORT stamp on its thrilling driving experience.

A boldly restyled front fascia takes the distinctive NX F SPORT to new heights. The 18-inch, split-five-spoke alloy wheels³⁰ and black exterior mirrors visually ground its sleek stance, while a suspension tuned by the same team that created the LFA supercar was further enhanced to make this the most responsive NX yet.

ADAPTIVE VARIABLE SUSPENSION

Available AVS allows the driver to harness the engine's power and communicate with the pavement like never before. Based on the state-of-the-art technology in the Lexus LC, this system features 650 levels of damping that can automatically adapt to changing conditions, for enhanced response based on the selected drive mode.

NX F SPORT shown in Ultra White // Options shown

Options shown

F SPORT STYLING

The NX 300 F SPORT doesn't just look the part—it feels it. Deeply bolstered front sport seats hug you through the turns. New Circuit Red NuLuxe interior trim boldly reflects its performance roots. And impeccable contrast stitching completes the experience of pure invigoration for all the senses.

NX F SPORT shown in Atomic Silver // Options shown

BOLSTERED SPORT SEATS

Feel confidence through every curve with the F SPORT front sport seats. Featuring a unique foam-injected construction and designed to contour to the needs of the driver, these sport seats will have you wrapped from hip to shoulder—especially in high-G situations.

DRIVER'S COCKPIT

F SPORT performance is deeply ingrained in the driver's experience, with quick-shifting paddle shifters, exclusive G-force and turbo-boost gauges, and an exclusive perforated leather-trimmed steering wheel and shift knob. Additional signature touches in the F SPORT package include rubber-studded aluminum pedals and Metallic Sport interior trim.

WARRANTY Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. Eight-year/100,000-mile Hybrid System Warranty. All warranties with zero deductible. See the *NX Warranty and Services Guide* at your Lexus dealer for details.

DISCLOSURES 1. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. 2. Preliminary mileage estimates determined by Lexus. EPA mileage estimates not available at time of publishing. Actual mileage will vary. 3. The touchless sensor can be affected by water, weather, dirt and other conditions. It may not operate promptly, or may operate unintentionally, under certain conditions. See *Owner's Manual* for details. 4. Based on Entry Level Crossover segment. 5. Do not allow passengers to sit in a seat that has been fully or severely reclined while driving. This feature is intended for use only when the vehicle is parked. While the vehicle is being driven, all vehicle occupants should have the seatback upright, sit well back in the seat and properly wear the seatbelts provided. In the event of a collision, the more the seat is reclined, the greater the risk of death or personal injury. See *Owner's Manual* for details. 6. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions. 7. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by the Navigation System is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for details. 8. Based on manufacturers' website data May 2017. 9. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. Depending on the conditions of roads, weather and the vehicle, the system(s) may not work as intended. See *Owner's Manual* for additional limitations and details. 10. The Lexus Safety System+ Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 11. The Pedestrian Detection System is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. 12. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See *Owner's Manual* for additional limitations and details. 13. Lane Departure Alert with Lane Keep Assist is designed to read lane markers under certain conditions and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 14. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. 15. Intelligent high beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. 16. The Panoramic View Monitor does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for details. 17. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. 18. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. 19. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See lexus.com/enform for details. 20. Availability & accuracy of the information provided by Scout® GPS Link is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. See lexus.com/enform for details. Scout® is a registered trademark of Telenav, Inc. 21. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. 22. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage & carrier. 23. Intuitive Parking Assist (IPA) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's shape and composition, may affect the ability of the IPA to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. 24. FaceTime® is a registered trademark of Apple Inc. All rights reserved. 25. Contact with the response center may not be available in all areas. Service Agreements required. A variety of subscription terms available; charges will vary. 26. Roadside Assistance coverage is for 48 months from your vehicle's in-service date, regardless of mileage. Coverage is provided 24 hours a day, 365 days a year, for vehicles operated in the continental U.S. and Canada. Assistance is administered through the American Automobile Association. See Lexus dealer for details. 27. Information provided is based on the last time data was collected from the vehicle and may not be up to date. System functionality depends on vehicle connectivity. 28. Use only if aware of circumstances surrounding vehicle and it is safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space). Functionality depends on many factors, such as vehicle and smartphone connectivity. Registration and app download are required. Subscription purchase required after trial. See usage precautions and service limitations in *Owner's Manual*. 29. Based on 2018 NX 300h versus 2017 competitors; preliminary mileage estimate determined by Lexus (EPA mileage estimates not available at time of publishing) versus 2017 EPA estimates. Actual mileage will vary. 30. 17-, 18- or 19-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 20,000 miles (17-in) or 15,000 miles (18-in or 19-in), depending upon driving conditions. 31. Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. 32. The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 33. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.alo.org. 34. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. 35. Roof rack with rails not recommended for luggage. 36. Roof rack capacity is 176 lb. See *Owner's Manual* for details. 37. Always drive safely, obey traffic laws & focus on the road while driving. Siri® is available on select iPhone/iPad models & requires Internet access. Siri® is not available in all languages or all areas & features vary by area. Some Siri® functionality & commands are not accessible in the vehicle. Data charges may apply. See Apple.com & phone carrier for details. Siri® is a registered trademark of Apple Inc. 38. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for further information & warnings. 39. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. 40. Please consult your Lexus dealer or *Owner's Manual* for towing and load specifications. 41. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment. Calculated with the new SAE J2807 method. 42. Automatic Braking is intended to assist a driver, but it is the driver's responsibility to be aware of the vehicle's surroundings. The system cannot prevent all collisions, and performance is dependent on road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 43. Lexus received the highest numerical score among 12 luxury brands in the J.D. Power 2017 U.S. Customer Service Index (CSI) Study, based on 70,342 total responses, measuring customer satisfaction with dealer and non-dealer service during the first 3 years of ownership, surveyed October-December 2016. Your experiences may vary. Visit jdpower.com. 44. Carpet and all-weather floor liners/mats are model-specific with model names. Floor liners/mats are designed for use in a specific model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each liner/mat must be secured with its fasteners. Do not install a floor liner/mat on top of an existing floor liner/mat. 45. F SPORT Accessories are warranted for 12 months from the date of installation or for the balance of the new-car or Certified Pre-Owned (CPO) warranty in force at the date of installation, whichever is greater, when installed by an authorized Lexus dealer. F SPORT Accessories installed by anyone other than an authorized Lexus dealer are warranted for 12 months from the date of purchase only, and the warranty coverage is limited to the replacement value of the F SPORT Accessories. These warranties do not cover maintenance services such as replacement of brake pads/linings and clutch linings or noise, vibration, cosmetic conditions and other deterioration caused by normal wear and tear. Part failure caused by improper installation by anyone other than an authorized Lexus dealer may void the F SPORT Accessories warranty, the new-vehicle warranty or both. F SPORT is a trademark of Toyota Motor Corporation. Products available through participating Lexus dealers.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
