

LC

LEXUS 2019

Obsessively designed.
Methodically engineered.
Passionately crafted.

Because making a massive leap forward
means nothing if it doesn't lead to the
experience of something greater.

The 2019 Lexus LC.

Experience Amazing

LC 500

Experience a world-class luxury coupe crafted for a new era of uncompromising performance and design. A platform built specifically for the LC; enhanced steering, suspension and braking systems; an exhilarating zero-to-60 time^{1,2}; and a thundering engine note all come together to create the most responsive vehicle in the Lexus line.

LC 500h

Experience a profound shift in hybrid performance. Hit the pedal and feel the roar as breakthrough Lexus Multistage Hybrid Drive pairs a potent gas engine with powerful electric motors to put on a truly invigorating performance—and puts the entire category on notice.

A MONUMENTAL LEAP

Our most powerful creation is more than a car. It's a feeling.

LC shown in Infrared³ // Options shown

To bring a breakthrough concept vehicle into reality, we had to go to extremes. To engineer a car that dominates on the track as well as rewards the driver, we took everything even further.

UNPRECEDENTED PERFORMANCE

The LC offers one of the world's most powerful naturally aspirated V8 engines for a truly visceral experience.

All that power means nothing if it doesn't make you feel something. With an impressive 5.0-liter V8 engine, 471 horsepower,¹ and a blistering 4.4-second zero-to-60 time,^{1,2} the LC 500 is finely tuned to give the driver a full-throttle experience. Take it up to its 7,300-rpm redline, and the Active Sport Exhaust delivers a potent, full-throated engine howl unlike anything you've ever heard. Or felt.

A 10-speed Direct-Shift automatic transmission with magnesium paddle shifters was specifically designed for the LC. Further refined for the 2019 LC, this exclusive transmission has one of the fastest shift times among conventional automatic transmissions,⁴ changing gears in 0.12 seconds. Or, half the time it takes the average human to blink. The system also learns your habits every time you drive, selecting the optimum gear based on vehicle speed, acceleration and your driving habits—even choosing the ideal gear while cornering.

LCh shown in Ultra White (left), LC shown in Obsidian (right) // Options shown

THE POWER TO CONTROL

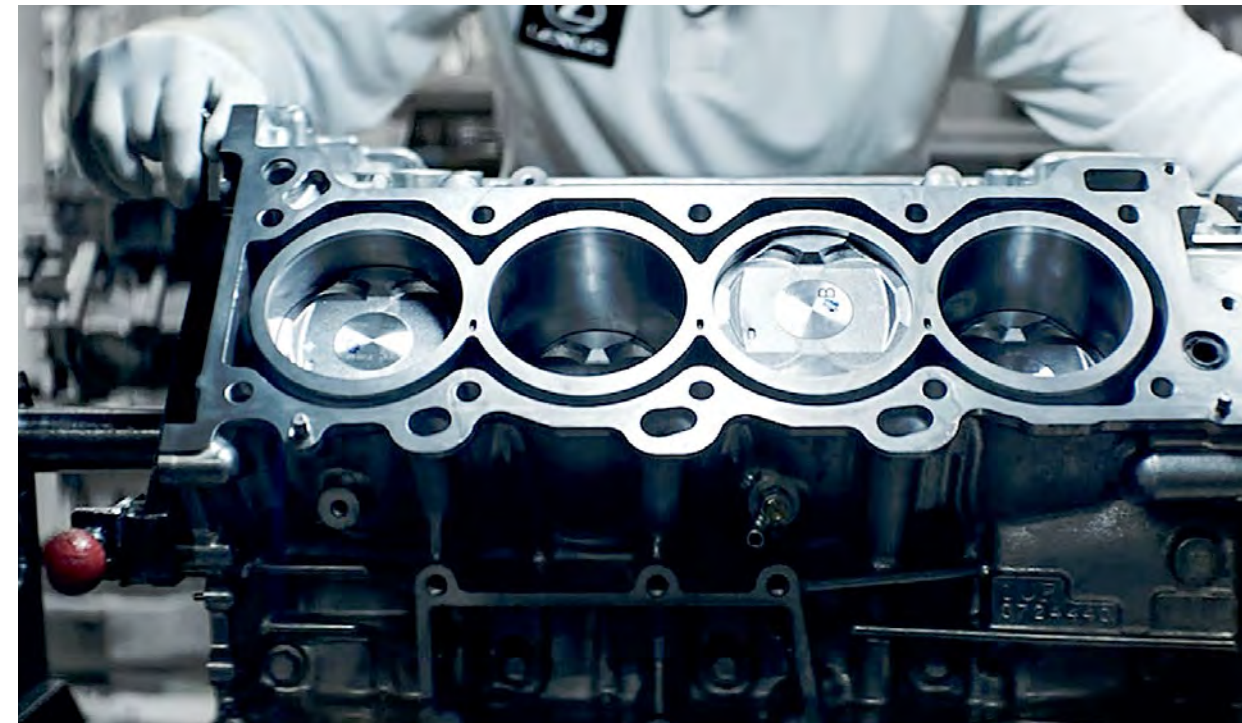

*A near-perfect weight balance
so you don't have to sacrifice
power for control.*

Experience the front-engine, rear-wheel drive platform developed specifically for the LC. Uniting dynamic proportions with ground-hugging luxury coupe elegance, the front-midship design with a double-joint multilink suspension system delivers the ideal balance in every way—from the near-perfect weight distribution to the combination of exceptional handling, stability and ride comfort. Such equilibrium was achieved by placing the engine's central mass behind the front axle, positioning the wheels close to the vehicle's outer edges, and lowering the hood height and driving position. The result is one of the most direct, precise driving experiences we've ever created—and that you will ever encounter.

NO MEASURE TOO EXTREME

Masterfully crafted, then relentlessly tested and scrutinized to deliver a groundbreaking vehicle that lays the groundwork for the future of Lexus high performance.

The LC wasn't just about creating the definitive performance car; it was about redefining performance for Lexus. Which meant going to extremes. Decades of *takumi* craftsmanship and a tradition of relentless engineering and refinement were taken even further. Everything was pushed to the limit to deliver this high-performance, high-strength coupe. A high-tensile steel chassis was built to lower the driving position by just 10 millimeters. Intake valves were made of titanium to make them a few grams lighter. An available carbon fiber roof was developed to lower the vehicle's center of gravity. Lightweight carbon fiber-reinforced sheet-molding compound allowed the complex shape of the inner doors to be molded as a single piece, and the outer doors were engineered with 6000-series aluminum that's 47% lighter than its steel counterpart. Materials were evaluated by weight, strength, mass and optimal placement. And then reevaluated for one purpose—the driver's connection to the road.

FAST AS **h**

Feel the adrenaline as lightning-fast electric motors and a powerful gas engine propel you to 60 miles per hour in a mere 4.7 seconds.^{1,2}

It's a difference you'll feel instantaneously. The LC 500h is built on an advanced Lexus Multistage Hybrid powertrain—a 3.5-liter, 24-valve Atkinson-cycle V6, powerful yet compact dual electric motors and a lightweight lithium-ion battery. With 354 total system horsepower,¹ rhythmic shifting and thrilling power off the line, the LC 500h signals a major shift in the category. You'll feel the rush of instant torque the moment you press the pedal, and continuous, seamless acceleration that increases as the engine power and vehicle speed climb. Along with the instinctive feel of a 10-speed transmission through magnesium paddle shifters, the impact of our most responsive, fastest and highest-performance hybrid will be felt through the entire category. Because there's more to h than hybrid.

LCh shown in Atomic Silver // Options shown

A dynamic, low body with menacing, wide shoulders. An aggressive, broad stance. An impossibly low center of gravity. Every design note is engineered to provide direct, responsive performance. With four air intakes and rear aero ducts to help reduce lift and drag, even the air itself contributes to the high-speed handling. By bringing all these elements together, the LC stands apart.

A REVOLUTIONARY APPROACH

—
Every step of the design and engineering process demanded everything from our engineers, who demanded nothing less than amazing.

LCh shown in Ultra White // Options shown

DESIGN WITHOUT COMPROMISE

Every decision was made in service of the coupe's final form, which seamlessly unites beauty with purpose. And unites you with the LC.

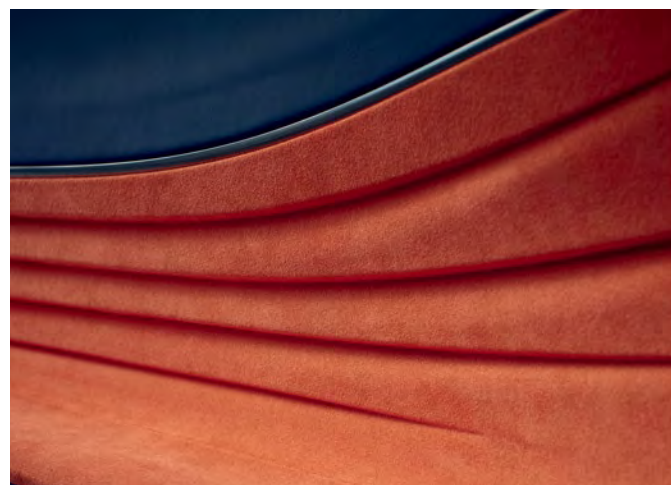

A study in uninhibited passion and exhilaration, the LC demanded a completely different approach to design and engineering. A single character line that took months to perfect. Twice the number of engineering checkpoints than any Lexus before it. Any sacrifice of design or performance was unacceptable. The driving experience ultimately had to be as inspiring as the final form.

LCh shown in Nightfall Mica // Options shown

ABSOLUTE PRECISION

An unwavering attention to detail, impeccable materials and countless hours crafting the LC not just for how it feels, but for how it makes you feel.

No detail was spared when creating the LC. The painstakingly crafted steering wheel, which provides optimal grip when cornering, is the result of countless hours of testing and track development with Lexus *takumi* masters. Alcantara^{®5}-trimmed door panels with deep, undulating lines form a distinctive look and feel. A leather-trimmed shift knob was crafted from four strips of high-quality leather that were then meticulously hand-sewn. And ambient illumination accentuates the bold contours and details throughout the cabin. Every element was carefully considered to elevate the driver's connection to the road. Even the alignment of the driver's hip point with the vehicle's center of gravity was studied carefully. Because extreme craftsmanship isn't only about creating an exceptional finished product. It's about creating an even more exceptional feeling when you get behind the wheel.

Options shown

AVANT-GARDE IS IN THE DETAILS

PREMIUM TRIPLE-BEAM LED HEADLAMPS

The triple-projector ultra-compact LED headlamps are more than striking. They're among the thinnest LED projector headlamps in the industry.⁴ Half the size of conventional lamps, the polaric ellipsoid system combines with the daytime running lights and LED cornering lamps to create an unmistakable Lexus signature.

21-INCH FORGED ALLOY WHEELS

Available 21-inch forged alloy wheels⁶ offer a lightweight design, black-and-chrome coating and a polished finish.

FLUSH EXTERIOR DOOR HANDLES

A flush-surface door handle with illumination enhances aerodynamics and creates a sophisticated first impression. When the handle is extended outward, inset LEDs illuminate the door. As the doors close, or after 15 seconds, the lighting fades.

DIMENSIONAL REAR COMBINATION TAILLAMPS

One of the most stunning features of any Lexus vehicle to date, the dimensional taillamps were inspired by the dramatic glow of a jet's afterburners. Through the adoption of the infinity mirror principle, an endless, dimensional motif is illuminated when lamps are on, and a sleek gray look appears when off. Eighty LEDs on either side create an even illumination with impressive depth and no visible grain.

Options shown

TOURING PACKAGE

Experience iconic style with the available Touring Package. Semi-aniline leather-trimmed front seats with an Alcantara®⁵ headliner, Mark Levinson® Reference Surround Sound Audio System,⁷ and the choice of 20- or 21-inch forged alloy wheels⁶ bring added refinement to our most polished coupe yet. While a Blind Spot Monitor⁸ with Rear Cross-Traffic Alert⁹ and Intuitive Parking Assist¹⁰ offer added convenience and peace of mind.

LCh shown with Bespoke White leather interior trim // Options shown

LC shown in Atomic Silver // Options shown

SPORT PACKAGE

For a higher level of performance, the Sport Package offers advanced track-developed features like a TORSEN® limited-slip differential¹¹ (LC 500) that distributes engine power to the rear axle for optimized traction. Alcantara®⁵-trimmed sport seats with eight-way power support are specially engineered for high-G cornering and circuit driving. The high-back seats are designed to help maintain the ideal posture, and the textured leather trim helps grip the driver's back—even against significant lateral G-forces. The available Sport Package also offers a glass or carbon fiber roof, lightweight forged alloy wheels, Intuitive Parking Assist,¹⁰ and Blind Spot Monitor⁸ with Rear Cross-Traffic Alert.⁹

LC shown with Rioja Red leather interior trim // Options shown

PERFORMANCE PACKAGE

For the most demanding driving enthusiasts, the available Performance Package offers all the track-ready features of the Sport Package, plus Active Rear Steering to enhance stability, Variable Gear-Ratio Steering, an Alcantara® headliner, and a speed-activated rear wing that extends at speeds above 50 mph to enhance downforce.

A TECHNOLOGICAL FEAT

—
 With new innovations, the most advanced LC ever keeps you even more connected to the driving experience.

The latest innovations are right at your fingertips with a Remote Touchpad¹² that gives you access to multimedia, climate controls and Navigation¹³ through a 10.3-inch high-resolution display. With Amazon Alexa¹⁴ compatibility, thousands of the same skills you enjoy at home can now be conveniently accessed in your vehicle. Apple CarPlay^{®15} integration provides seamless connection to your favorite iPhone^{®16} apps. While Lexus Enform,¹⁷ our premium suite of connected technology, offers added service, security and entertainment, and remote access through your smartphone or smartwatch.

THE LEADING EDGE. OF YOUR SEAT.

Now with Apple CarPlay compatibility, Wi-Fi and other advancements, you'll be more connected than ever.

Driving the LC won't be the only source of your entertainment, starting with onboard Wi-Fi™ that enables up to five different devices to connect online. Apple CarPlay¹⁵ allows you to seamlessly integrate the same familiar interface from your iPhone¹⁶ through the multimedia display of the LC. Simply connect your iPhone to get directions, make calls, or send and receive messages via Siri,¹⁸ and get access to your favorite apps like Spotify,[®] Audible[®] and Apple Podcasts.^{TM19}

With Amazon Alexa,¹⁴ all the convenience of an Alexa device at home can now be enjoyed in your vehicle. Using only your voice, you can listen to audiobooks, stream Amazon Music,¹⁴ make lists, check the weather, get news briefings and more. Alexa even syncs to your Navigation System¹³ to provide on-the-go recommendations.

LC shown with Apple CarPlay^{®15} integration and Rioja Red leather interior trim // Options shown

HIGHER TECH

MARK LEVINSON® AUDIO SYSTEM

While most audio systems are adapted to and installed in a vehicle after it's produced, Mark Levinson® technicians work alongside Lexus engineers from the onset of the development process. That's why the LC features a rich, dynamic, 13-speaker, 915-watt sound stage uniquely fitted to the cabin—and as pure as the performance of the vehicle itself.

LEXUS CLIMATE CONCIERGE

Lexus Climate Concierge integrates climate controls with the heated and ventilated seating and is easily controlled by a single switch on the Lexus Climate Concierge monitor. The system also pairs with the available heated leather-trimmed steering wheel to offer a warm surface for the entire circumference of the steering wheel, regardless of the placement of the driver's hands.

COLOR HEAD-UP DISPLAY

Designed to help minimize driver distraction, the available full-color Head-Up Display projects a range of essential navigation, safety and performance info directly onto the windshield, including audio, speed, current gear, rpm and more.

DRIVE MODE SELECT

Inspired by the iconic LFA supercar, controls are positioned on the outer instrument panel for seamless operation and our most engaging Drive Mode Select yet. Sport S mode alters the powertrain for a more dynamic throttle response. Sport S+ mode takes it further, modifying the Adaptive Variable Suspension that allows the driver to harness the engine's power like never before.

PEACE OF MIND, STANDARD

Presenting Lexus Safety System+, an integrated suite of the most advanced active safety equipment ever offered on the LC.²⁰

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

This system²¹ is engineered to help detect a vehicle or a pedestrian²² in the path of your Lexus under certain conditions. Should it detect a potential frontal collision, it's designed to automatically prepare Brake Assist²³ for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

LANE DEPARTURE ALERT WITH LANE KEEP ASSIST

This system²⁴ utilizes a camera to monitor visible lane markings. If an inadvertent or potential lane departure is detected, it's designed to warn you and can take slight corrective measures. And, if Dynamic Radar Cruise Control²⁵ is engaged, the system can even help you remain in the center of the visibly marked lane, helping to prevent drifting before it occurs.

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL

This system²⁵ uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system is designed to detect if you get closer than the preset distance and automatically slow your vehicle—even to a complete stop. If driving at highway speeds and the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams²⁶ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

PACKAGES

CONVENIENCE PACKAGE

- Intuitive Parking Assist¹⁰
- Blind Spot Monitor⁸ with Rear Cross-Traffic Alert⁹

ALL-WEATHER PACKAGE

- Heated leather-trimmed steering wheel
- Windshield wiper de-icer
- Electronic heater (LC 500h)

TOURING PACKAGE

- Includes Convenience Package, plus:
- Semi-aniline leather-trimmed front seats
- Alcantara^{®5} headliner
- Mark Levinson[®] 13-speaker, 915-watt Reference Surround Sound Audio System⁷

SPORT PACKAGE

- Includes Convenience Package, plus:
- Eight-way power front sport seats with Alcantara^{®5} inserts
- C Carbon fiber roof or glass roof

PERFORMANCE PACKAGE

- Includes Sport Package (with carbon fiber roof), plus:
- Active Rear Steering
- Variable Gear-Ratio Steering
- Speed-activated rear wing
- Alcantara^{®5} headliner
- Carbon fiber door scuff plates

INDIVIDUAL OPTIONS

- TORSEN[®] limited-slip rear differential¹¹
- A Head-Up Display
- Mark Levinson[®] 13-speaker, 915-watt Reference Surround Sound Audio System⁷

ACCESSORIES

- B CARBON FIBER REAR SPOILER
This lightweight spoiler intensifies the aerodynamic presence of your LC.
- CARBON FIBER LOWER GRILLE INSERT
Enhance the look of your LC while complementing the available carbon fiber roof and rear spoiler.
- ALL-WEATHER TRUNK TRAY
Removable for easy cleaning, this durable tray helps preserve your original carpet.
- SPIDER CARGO NET
Help keep objects organized and in place with this innovative cargo net.
- CARPET TRUNK MAT
Keep your trunk looking like new with this precise-fitting mat.
- ALL-WEATHER FLOOR LINERS⁴¹
Tub-style perimeter design provides optimal protection and an ideal fit.
- D ILLUMINATED DOOR SILLS
These sills help preserve your vehicle's appearance and feature an elegant LED-illuminated Lexus logo.

WARRANTY Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. Eight-year/100,000-mile Hybrid System Warranty. All warranties with zero deductible. See the *LC Warranty and Services Guide* at your Lexus dealer for details.

DISCLOSURES **1.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **2.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **3.** Infrared available for an additional charge. **4.** 2019 LC vs. 2018/2019 competitors. Information from manufacturers' websites as of 4/27/2018. **5.** Alcantara is a registered trademark of Alcantara S.p.A. **6.** 20- or 21-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy or 15,000 miles, depending upon tire used and driving conditions. **7.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **8.** Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. **9.** Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. **10.** Intuitive Parking Assist (IPA) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's speed, shape, size and composition, may affect the system's effectiveness. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. **11.** TORSEN[®] is a registered trademark of Zexel Torsen, Inc. **12.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. **13.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability and accuracy of the information provided by the Navigation System is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for details. **14.** Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Certain Alexa functionality is dependent on smart home technology. Not all Amazon Alexa skills are available for in-vehicle use. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. **15.** Apple CarPlay is a trademark of Apple Inc. All rights reserved. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. **16.** iPhone is a registered trademark of Apple Inc. All rights reserved. **17.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change at any time without notice. See lexus.com/enform for details. **18.** Always drive safely, obey traffic laws and focus on the road while driving. Siri is available on select iPhone/iPad models and requires Internet access. Siri is not available in all languages or all areas and features vary by area. Some Siri functionality and commands are not accessible in the vehicle. Data charges may apply. See apple.com and phone carrier for details. Siri is a registered trademark of Apple Inc. **19.** Apple Podcasts is a trademark of Apple Inc. All rights reserved. Spotify is a registered trademark of Spotify Technology Holding. Audible is a registered service mark of Audible, Inc. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. **20.** LSS+ drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **21.** The LSS+ Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **22.** The Pedestrian Detection System is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. **23.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See *Owner's Manual* for additional limitations and details. **24.** Lane Departure Alert with Lane Keep Assist is designed to read visible lane markers under certain conditions when DRCC is engaged. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **25.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors, including road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. **26.** Intelligent High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. **27.** 2019 EPA estimates. Actual mileage will vary. **28.** Vehicle Dynamics Integrated Management (VDIM) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VDIM will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. **29.** All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details. **30.** Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. **31.** May not be compatible with all mobile phones, MP3/WMA players and like models. **32.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **33.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloaa.org. **34.** Lexus Safety Connect is dependent upon an operative telematics device, a cellular connection and other factors outside of Lexus' control, which can limit the ability to reach the response center or receive emergency support or otherwise limit the functionality or availability of the system. Terms and conditions of subscription service agreement apply. To learn about Lexus' data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. Stolen vehicle police report required to use Stolen Vehicle Locator. The Safety Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in paid subscription is required to access the service. Terms and conditions apply. **35.** Information provided is based on the last time data was collected from the vehicle and may not be up to date. Service Connect is dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, and other factors outside of Lexus' control, which can limit the ability or functionality of the system. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the respective trial period expires, enrollment in paid subscription is required to access the service. Terms and conditions apply. **36.** Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Remote Connect is dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, and other factors outside of Lexus' control, which can limit the ability or functionality of the system. Registration and app download are required. See usage precautions and service limitations in *Owner's Manual*. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. The Remote Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. **37.** Destination Assist is dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, and other factors outside of Lexus' control, which can limit the ability or functionality of the system. Use common sense when relying on this information. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. See *Owner's Manual* for additional details. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions of subscription service agreement apply. **38.** The Wi-Fi Connect trial period is at no extra cost and begins on the date of activation. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. **39.** Dynamic Navigation is dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, and other factors outside of Lexus' control, which can limit the ability or functionality of the system. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Subscription required upon end of trial service period. See *Navigation System Owner's Manual* for additional details. The Dynamic Navigation three-year trial begins the earlier of when the vehicle hits 100 miles or a year after the multimedia system manufacture date, regardless of when you purchase or lease the vehicle. Terms and conditions of subscriber agreement apply. **40.** Carpet and all-weather floor liners/mats are model-specific with model names. Floor liners/mats are designed for use in a specific model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each liner/mat must be secured with its fasteners. Do not install a floor liner/mat on top of an existing floor liner/mat. **41.** 2018 Kelley Blue Book Brand Image Awards are based on the Brand Watch[™] study from Kelley Blue Book Strategic Insights. For more information, visit www.kbb.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
